KEYS TO TESTS	310

ÚVOD

Cesta od B1 směrem k C2

2 500 úkolů s výběrem z 12 500 možných řešení

Naše sbírka výukových testů je určena pokročilejším, ale i velmi pokročilým studujícím angličtiny (přibližně mezi B1 a C2 podle SERR). Toto rozpětí je dáno metodou nahodilých jevů z oblasti gramatiky, spellingu, lexikální problematiky a dalších. Pro méně pokročilého uživatele bude převažovat výuková složka, u velmi pokročilých půjde více o procvičování a upevňování. Ve všech případech bude vhodné probírat testy postupně, tedy od 1 do 100.

Metoda nahodilých jevů

Ve sbírce najdete sto testů, z nichž každý obsahuje dvacet pět úkolů s výběrem z pěti možných odpovědí. Celkem se tedy jedná o vyřešení (se zadáním) patnácti tisíc operací, kde narazíte na frázová slovesa, idiomy, ustálená spojení, časovou souslednost, podmínková souvětí, předložkové vazby, finanční termíny, citáty z literatury, věty z historie, spisovné i hovorové obraty, slang a další. Pokud budete dodržovat přiměřené (tedy své individuální) tempo a pracovat s chybou, ve všech těchto oblastech se výrazně zlepšíte. Použitá metoda se dá přirovnat k četbě v originále nebo dlouhodobému pobytu v zahraničí, kde k vám nebude nikdo promlouvat stále jen v přítomném průběhovém čase, používat vaši slovní zásobu a vyhýbat se frázovým slovesům nebo oblíbeným idiomům – vždy to bude nahodilá směs.

Využití

a) Testování

Sbírku je samozřejmě možné využívat k testování (středoškolských a vysokoškolských studentů, pracovníků přijímaných na náročnější kancelářské nebo manažerské pozice) a podobně.

b) Výuka

Vyučující v pokročilejších skupinách na středních a vysokých školách, ale také v podnikových nebo odpoledních kurzech mohou testy využívat jako zpětnou vazbu k probraným materiálům, jako procvičení známých jevů, ale také k uvedení a vysvětlení jevů nových. Zde doporučujeme komentovat nejen odpovědi správné, ale také důvod a případně význam odpovědi nesprávných (She *speaks* × *spoken* × **speaks** × *tell* × *say* good English.). Věty můžete studentům přečíst a nechat je opakovat s patřičnou výslovností, rytmem a melodií. Můžete je samozřejmě využít také k překladu do češtiny a hledání hezké hovorové frazeologické formy. („Don't bother me, I'm busy“ rozhodně přeložíme jako „Neotravuj, nemám čas“, a ne jako „Neobtěžujte mě, jsem zaneprázdněn“.)

Princip opakování

Jak víme, Revision is the mother of wisdom. Moji studenti si pochvalují několikanásobná opakování stejných zadání (např. Revision is the mother of wisdom) s obměnami řešení (..... is the mother of wisdom × Revision is the mother of × Revision is the of wisdom) v následných testech. Tímto způsobem se různé jevy (v tomto případě idiom) snadno a dobře zafixují.

Pro méně pokročilé a samostatnou práci:

Počítejte s tím, že testy pro vás budou náročné a že budete často jen odhadovat a také chybovat. Doporučujeme probírat jednotlivé testy postupně, pomalu a na zvláštní list si vypsát k číslu testu číslo položky a svou chybnou formulaci plus správné řešení. Nespěchejte a po pár dnech se k danému testu vracíte, třeba několikrát. Chyb bude stále méně a vaše znalosti se budou rychle zlepšovat. V případě nejasností hledejte pomoc na internetu (Google, FREE DICTIONARY OF IDIOMS nebo v některém z dostupných slovníků), u pokročilejšího anglisty nebo v některé přehledné příručce anglické gramatiky.

Pro méně pokročilé a práci s učitelem:

Vaši práci bude řídit učitel, který vám také vysvětlí dané gramatické pravidlo (he has say × he has said), objasní rozdíly ve slovní zásobě (injury, harm, pain, wound, ache), pomůže s idiomy (Never look a gifted horse [talentovaný kůň] × a gift horse [darovaný kůň] in the mouth). Jistě vám také pomůže s výslovností vět, jejich rytmem a melodií. Nebojte se zeptat, pokud vám něco není jasné!

Pokročilí (B2–C2)

Ve vašem případě doporučujeme rychlé tempo – uděláte možná více chyb, ale nad klíčem nebo při opravě s lektorem si rychle uvědomíte, v čem spočívaly, a nové jevy si brzy osvojíte. Pokud některá slovíčka nebo idiomy neznáte, nezoufejte! Jsou to přece výukové testy a bylo by špatně, kdybyste v nich nenašli vůbec nic nového, co byste se ještě mohli naučit.

Jazykové zkoušky

Testy se vám mohou hodit také k přípravě na zkoušky CAE nebo CPE (Cambridge), americký TOEFL a další.

Drsnější obraty

Pokud nepatříte ke škarohlídům, jistě uvítáte, že sbírka zahrnuje také menší procento drsnější slovní zásoby, obrátů a idiomů. I toto patří k výborné znalosti jazyka a v moderní literatuře (Vonnegut, Heller, Patterson, Bryndza, ...) najdete těchto „perliček“ spoustu.

Doporučujeme je hlavně k vaší pasivní znalosti, bez které můžete dopadnout jako jeden český baseballista, který se při konverzaci s rodilým mluvčím označil jako „tosser“. Pozor! To opravdu není nadhazovač!

Dobrodružství a zábava

Většina uvedených testů je odzkoušena při praktické výuce v pokročilejších skupinách, hlavně v podnikových kurzech a při přípravě několika studentů ke zkoušce CAE (Cambridge). Studující berou testy jako dobrodružnou výpravu a dobře se při jejich realizaci baví; každou chvíli se někdo hlasitě zasměje nad nabídkou možných (legračních nebo stupidních) odpovědí.

Enjoy!

O autorovi:

Mgr. Josef Kobík je absolventem tlumočnictví/překladatelství a později pedagogiky/psychologie (FFKU, Praha). Vedle tlumočení a překladu odborných textů se již padesát let věnuje především výuce angličtiny (gymnázium a jazyková škola LABYRINT v Trutnově, nyní v podnikových kurzech).

ADVANCED TEST 1

1. **She asked him**
a) how was he b) how is he c) how he is d) how he was e) how had he been
2. **This exam is**
a) as difficult as b) more difficult than c) very difficult d) not a difficult
e) easiest
